I'm an experienced IT recruiter who is transitioning to become a front-end developer. With 2 years of experience in recruitment field, I've been able to develop strong skills in communication, collaboration, and problem-solving, which is my plan to bring to the field of web development. Solid knowledge in the Front-end field: HTML, CSS, JavaScript, SEO, Bootstrap. Currently taking courses and working on personal projects to develop my skills in React, and Wordpress. I'm eager to apply my transferable skills and knowledge to create beautiful and user-friendly websites that deliver exceptional user experiences. I'm a great communicator who always strives to understand clients' needs and goals, and is passionate about design, code, and collaboration. I'm excited to continue learning and growing in the field of frontend development and am committed to delivering high-quality work that exceeds expectations.
